**Subject:** CORNEVIN ROOF REPLACEMENT  
**Reply-To:** cornevin@aol.com

**After 28 years a hailstorm in June of this year caused our roof to leak, leading us to the inevitability of repairing or replacement. Luckily, and thanks to Angi's, we reached an agreement with Mario Armendarez, owner of A&M Contruction and roofing.**

**Mario is honest and communicated from start to finish everything that was occurring. Where Mario really came through was his navigation of the insurance stipulations, and it resulted in our recovering 83% of our roof replacement cost. AND, despite already have been paid in full Mario is still submitting additional info and photos in the hopes of recovering even more for us.**

**The quality of the finished product is great. Noise and inconvenience were kept to a bare minimum, and work was done within 2 days. Another real bonus was the cleanup afterwards. You wouldn't know that any work had occurred on the property and most importantly, all old roofing nails were searched for and removed.**

**Thank you, Mario and Company**

**Diana and Andy Cornevin at Arlington: P.S. We welcome any contact from anyone with any questions.**
