

*Dear A&M Construction & Roofing*

*I would like to take this time to say thank you Mr. Mario Armendarez for your service in helping me and my wife get our roof replaced Your company was very timely in getting to my residence, and completed the job in one day. You even went beyond our agreed service expectations by replacing the roof to our shed with to match the roof on our house. I was very pleased also with the replacement of sections of my decking due to rotted out areas that needed attention. The extra costs associated with this work was very reasonable as I expected to pay much more than what you actually charged.*

*I would strongly recommend you to home owners when looking for experienced roofing companies to perform any kind of work on their roof.*

*Sincerely indebted to you for a job well done;*

*Mr. And Mrs. Bill Austin 402 Wesley Ln., Duncanville, TX 75137*
